

I very much enjoy listening to K-Love. I get to listen to music with out commercial interruptions and K-LOVE gives me the music I need for encouragement. They always seem to know when to play the right song or songs. K-Love broadcasters are kind and provide us with radio channel that your whole family can listen to. They provide a daily service to all of us here in Oklahoma that cannot be replaced by just anyone. It would be a great loss to oklahoma if K-love was to be replaced. Please live K-LOVE alone. K-Love helps me on my down days.
